

Notice to discontinue.  
Aerosol cans

23<sup>rd</sup> October 2024

Dear Customer

We hereby notify you that we are discontinuing the supply of aerosol-based products.

This decision is primarily due to the stringent legislation surrounding the storage and management of aerosol-based items and our investigation into the requirements revealed that maintaining these products necessitates specialised storage facilities and additional training for our staff. While we are committed to ensuring the highest standards of safety, we have encountered challenges in securing the necessary insurance coverage for these operations. I trust you will appreciate we have not taken this decision lightly and act in accordance with the health and safety measures needed to keep our environment safe for all who work within it.

Affected SWA codes.

CBC400  
CP040  
CTS400  
GLV400  
LMP750-BLUE  
LMP750-R  
LMP750-W  
LMP750-Y
